COMPLAINS ABOUT GARBAGE ALONG RAILROAD TRACKS

Attention of Local Health Officials Called to Existing Conditions

WILL TAKE IMMEDIATE ACTION

Health Officer Darby on Friday received a letter from J. L. Gressitt, Supervisor of the Monongahela Division of the Pennsylvania Railroad, stationed at West Brownsville, calling attention of the local official to certain conditions which exist along the tracks of the railroad company through Charleroi.

In his letter Mr. Gressitt said the conditions existing along the railroad tracks are brought to his attention with the thought that the local officers may be able to institute some corrective action. Mr. Gressitt said he referred to the practice of residents throwing rubbish, cans and garbage upon the railroad tracks and property.

The worst feature of this practice is noticeable in the vicinity of Tenth street, at times amounting to a considerable burden on the railroad company in their efforts to keep the tracks looking decent. Further, the condition, according to the railroad official, presents a sufficient menace to health to cause the Borough authorities to take action in the matter.

On receipt of the letter Health Officer Darby held a conference with Burgess Woodward, who stated that if the practice continues residents of that section of the borough, or any other of which complaint is made, will be summoned to the borough building, and given the option of removing all garbage and waste they had placed on the railroad right of way, or paying for work necessary to remove it. The local authorities are determined to break up the practice if possible and will keep a close watch on conditions along the railroad, in order remove any menace to health that might arise, as well as to assist in the campaign for cleanliness.

KILLED IN COLLISION WITH AN AUTO TRUCK

Andrew Malley of Donora was killed Thursday night on the new road between Donora and Monongahela, when the motorcycle on which he was riding collided with a truck. It is thought that death was instantaneous. Another man, riding with Malley in the side car, and whose name could not be learned, was thrown on to the railroad tracks by the force of the collision. Malley was unmarried and employed in the die room of the wire works at Donora.

HEALTH CONDITIONS CAUSE TROUBLE

Officials of the Uniontown board of health are having some trouble with a number of residents of that city who have been using Redstone creek as a dumping ground for garbage. Complaints became so numerous that the officials made a personal inspection, which confirmed complaints already made, and they notified those responsible for conditions that any further violations of the law would meet with arrest for violation of the city health statutes.

PACKERS TOO FAST FOR "CUB" BOWLERS

Capt. Bert Mitchell's "Packers" bowed in from the "stockyards" last night and "brought home the bacon," two out of three games from Capt Henry Lowstutter's "Cubs." Capt. Mitchell and Capt. Lowstutter had a battle royal in leading their men the pace. Capt. Mitchell having the best argument. John Monier substitutes on the "Cubs," as usual bowled a fine game. The teams have had a week's bowling and are ready to start on their second swing around and from now on look for some large scores, as the bowlers have had enough practice to get their batting eyes on the ball.

The next game on the schedule is booked for Monday night between Capt. Bob Hess' "Hoop Poles," and Capt. Mitchell's "Packers." No Saturday night games are scheduled, this date being open the entire season. Score:

Spares and Strikes.

McCloskey and Honsaker are apt to "kill" one of the pin boys some of these nights with their "smoke ball."

Capt. Willie Kuhn is home from the world's series to strengthen the Cubs.

Some "gong" on the foul line, eh, boys? Ask Capt. Campbell, he says it is.

"Dead Center" Miller says to watch their "smoke" on Tuesday night.

Capt. Howard Vernon's "Devil Dogs" is sure the "pep" team of the league.

Fred Schempp is some rooter, but stay away from "Rower" when you bowl, Freddy.

"Signor" Irose, just imported from Italy, broke in for the "Devil Dogs" on Tuesday night.

"Tubby" Vetter led the Champs during Capt. Kuhn's world series trip. He says Billie's shoes are too small for him.

Work some of those substitute bowlers. Captains. Some classy performers in the bunch.

C. J. Mogan says he's due to bowl a 300 score. Oh, boy.

Watch Lee Honsaker's "smoke" ball, "Red," or you'll be crippled for life.

Did you ever hear the bell ring? Ask Doc Hetrick.

"Diddy" Atkins wants a regular berth. Somebody always taking the joy out of life, eh, "Diddy?"

Keep you eyes on "Christy" Mogan. He says they need a bell like that at the boxing bouts.

Mike Crowley says the one game he shines at is bowling.

COAL COMPANY ASKS FOR AN INJUNCTION

The Pittsburg Coal company has filed an injunction suit in the Washington courts against the Finleyville Gas Coal company and a rule has been issued on the defendant company, returnable October 18, 1920, at 10 o'clock, to show cause why a preliminary injunction should not be granted as prayed for. The litigation involves certain property in Nottingham township and the plaintiff company seeks to enjoin the defendant corporation from alleged trespassing on the same. It is asked that the defendant company be restrained from entering upon this property, and mining, removing and converting to its own use an yof thecoal under said land.

It is averred that the defendant company has entered upon this coal land and has removed therefrom 970 tons of the fuel, and converted the same to its own use.

"SPOT" COAL REMAINS AT A HIGH FIGURE

Quotations for B. & O. pool 34 coal was $10 per ton the early part of the week; for P. R. R. pool 34 the figures were $9.50 and $10 50 for what are known as line shipments. In Charleroi the figures quoted are $9.50 and it is possible these prices may go even higher because of the impending strike of miners in England. All vessels clearing from New York for European ports are taking on extra quantities of bunker coal in order to be able to make the return voyage.

NEW PICTURE OF GOV. TENER PLACED

Th new portrait of former Governor John K. Tener painted to replace the one executed by W. King, was hung in the capital building in Harrisburg on Friday. It is the work of F. Cassioy del Pomar of Harrisburg, a native of Peru. The first portrait was not satisfactory to Mr. Tener.

WHO GOT BOOZE FROM THE CARAVAN?

Uniontown people are wondering where the three truck loads of over 500 cases of whiskey, seized by Sheriff I. I. Shaw early last Tuesday morning on the mountains, and later released when it was apparently established in Pittsburg that "legal permits" had been granted for the removal of the liquor.

Police of that city and county officials are convinced, that, judging from the hour of release and return of the booze laden trucks, that the "liquor caravan" did not have time to make its way from the Fayette county capital to New York. And there is a growing belief that the liquor not abrod the trucks on their return through Uniontown, is a comparatively s hort distance froh that town.

What is believed little more than a "clever" attempt at covering up was scented locally early Thursday morning when two men representing themselves to be from the Perkins detective agency visited Uniontown and inquired of local officers if any information could be had regarding the caravan movement.

One of the men at first is said to have represented himself as an agent of the Associated Press, later admitting that he merely accompanied another man, also reported to be identified with the Perkins agency. Both claimed to be working under direction of one "Captain Bittleton."

The two supposed detectives sought the exact location of the Hotel Titlow and seemed desirous of getting into touch with county authorities who had stopped the booze caravan on its supposed trip to New York. Neither manifested any particular interest in the then present whereabouts of the prize $55,000 stock.

BIG LEAGUE BALL FOR FAYETTE COUNTY

In the opening game at Masontown next Sunday afternoon of the three-game series between the Masontown and Republic clubs for the championship of Fayette county, baseball fans of that section will witness the strongest array of football players ever seen in that section. Neither team is disclosing its entire lineup The Masontown team started the ball rolling by announcing that "Bill" Doak of the St. Louis Nationals, would open the series Sunday afternoon in their lineup. Since that time they have made other acquisitions which they are not revealing at this time. On the other hand it is rumored that "Babe" Adams of Pittsburg will be on the mound for Republic team opposing Doak. The lineup for either team will consist almost wholly of big-salaried men. it is understood from reliable sources. A minor league umpire will be in charge and the stakes are said to be heavy.

MALTAS TO INITIATE CLASS OF 45 MEMBERS

Tuesday evening, October 19, the Knights of Malta will initiate a class of 45 candidates, which will make the local commandery one of the largest in the state. State Grand Commander J. W. Penny of McKeesport, will be present.

MAY MOVE RAILROAD YARDS TO NEAR SOUTH BROWNSVILLE

MEXICANS REPORTED TO BE LEAVING

Scores of Mexicans who have made their way into this section of Pennsylvania during the past six weeks are reported to be leaving in greater numbers than the arrivals. Many of these men have failed in acclimating themselves, others unable to do the work for which they were imported into the district. Mexican and southern negro has boosted the charity demand in and around Uniontown almost 45 per cent, according to the Salvation Army.

AUTO ACCIDENT RESULTS IN SUIT

Arthur Wilson of Monongahela, has filed a suit for damages against John Rushak, and has caused a capias to be issued for the defendant with bail fixed at $1,000. The suit is based on personal injuries received by the plaintiff when he collided with a truck driven by the defendant. The accident occurred on the night of September 27, on the public road at Baird, just below Donora. It is alleged the defendant was driving a truck without a rear light. The truck was loaded with iron rails, which projected from the rear. The plaintiff avers he did not know of the presence of the truck, due to the absence of lights and consequently ran into the same. The iron rail damaged the front of the car of the plaintiff and injured him.

SEE IMPROVEMENT IN LABOR SITUATION

More men will be available for labor purposes during the spring of 1921 than at any previous spring period in four years, according to contractors in many parts of the country. They say they already note a general improvement in the labor situation, with larger number of laborers and less tendency on the part of transients to come under the "floating" classification. The improved situation is likely to help materially in the road building programs of the various counties as well as the state during the coming year.

HELD UP AND ROBBED WHILE ON WAY HOME

William Armbruster, on his way home last night, between 10 and 11 o'clock, was held up on Fifth street, opposite the Fifth street school, and robbed of $6.50 and his watch. The bandit stepped out from behind a telephone pole as Mr. Armbruster was passing, and pressed his demand at the point of a gun. The police were notified, but no trace of the robber has yet been secured.

Action of W. Va. Authorities Holding Up Work on Monongahela Ry.

ARE IN NEED OF MORE ROOM

The attitude of the Monongalia county, W. Va., court over changes in road and bridge grades may deprive Morgantown of the new Monongahela railroad yards, which eventually will mean an investment of half a million dollars. The alternative may mean the location of those yards in the vicinity of Brownsville.

The railroad company, following verbal understanding with the members of the Monongahela county court at Morgantown, was prepared to go ahead with the construction of the new yards a short distance from Morgantown. Controversy arose, however, over some bridge and road clearance involving construction of railroad bridges by the Buckhannon and Northern railroad, later taken over by the Monongahela, with the result that the railroad company, for the time being, at least, has ordered suspension of operatons on the new yards.

Heavily increased traffic on the Monongahela road by reason of new coal operations along the line between Brownsville and Fairmont have made necessary extensive improvements in order to accommodate the fuel shipmtnts. Railroad officials said on Thursday that the necessary accommodations would be provided to care for the heavy traffic and if the Monongalia county authorities were unable to reach an agreement, a new location for the yards would be necessary.

The situation has developed to such an extent that it is unlikely that extensive work will be done in any event before spring.

HALLOWE'EN PRANKS A LITTLE PREVIOUS

Ten boys were arrested by the police last night and taken to the police station, on charges of disorderly conduct. The boys were having a little previous hallowe'en celebration in which they became rather rough and the police were called. As a result of the roughness of their conduct a window in the Mahieu grocery at Ninth and Fallowfield was broken. This the boys have agreed to pay for. However, they must return to the police station this evening to appear before the Burgess on the charges preferred. The police have already received a number of complaints from citizens who have been annoyed because of the doings of boys and young men who persist in making a continuous celebration of the hallowe'en festivities.

WILSON DESTROYS THE ALIBI.

There can be no Democratic alibi on the league referendum after November 2nd, declares the Republican President, Hon. Jonathan Bourne, Jr., in the following statement:

"Cox has returned to the point whence Wilson started him. The league has been given first place in the campaign. In fact, the internationalists have succeeded in making it their sole issue in the campaign, although the Republicans do not intend to permit the Democrats to hide eight years of mal-administraton behind Wilson's nebulous covenant. Mr. Wilson now plays the stellar role in the battle of the ballots. Mr. Cox is given a small part and will become the understudy of Mr.Wilson after March fourth—if America shall have proved itself insane on November 2nd, of which there is no fear.

"In the Congressional elections of 1918, Mr. Wilson, in demanding the return of a Democratic Congress declared. "The return of a Republican majority to either house of Congress would be interpretative on the other side of the water as a repudiation of my leadership.' This was followed by the return of a Republican majority in both houses, the first instance in American history in which a President of the United States had been repudiated while the country was at war. To that repudiation Mr. Wilson paid not the slightest attention, but proceeded to Europe and 'acting in his own name and by his own proper authority' attempted to barter American independence for a supergovernment of which he hoped to be the reigning head.

"That supergovernment remains his chief obsession. Submerging every other issue to the league of nations, he demands for it a solemn referendum of the people. The issue is clearly defined. The repudiation of Mr. Wilson and his internationalists which will come November 2nd is an absolute repudiation of the Wilson league. There is given no opportunity to establish an alibi.. Mr. Wilson has stopped his party from so doing.

"With the counting of the last ballot the propaganda for the league should cease and the attention of the American people should beturned to the solution of those domestic problems which so sorely vex us. A Congressional resolution for peace should be the first move of the Republican Congress, following March 4th. It will receive the immediate signature of then President Harding.

"Then comes reconstruction, the program for which calls for wellnight superhuman activity. The people must not expect too much. For one thing, the Democratic party has committed the nation to an annual expenditure of $4.000.000.000 for some years to come. Much of this sum is to meet interest on indebtedness incurred during a saturnalia of wanton waste which has horrified the Old World and stunned the American people into something of a mental incapacity to sense the meaning of a billion of dollars On the honor of the Government, and to the dishonor of the Democratic party, those commitments must be met. The promises of the United States may not be impaired by any party.

"When our own house is in order there will be opportunity to discuss and to provide, if possible, what cooperation we can give to other nations in minimizing the chances of war, fixing our minds always on the fact that we must never imperil American independence. That is the sine qua non. We will not beout of the wilderness on 3March 4th, but Wilsonism will be dead and the clearing ahead will be beckoning us to the accomplishment of sane and great things for the land we love and which Wilsonian autocracy has so nearly destroyed."

WHAT WE ARE

There is an old saying that we are a part of all we have met.

If this is so, the possibilities of progress during the next fifty years are infinite when compared to what they were fifty years ago.

For, during the last fifty years, so many devices for the cheap protection of news, scientific knowledge literature, art and drama have been devised that it may be said that the average neighborhood today has better facilities for becoming a center of culture than did the world's leading cities half a century ago.

Through the perfection of the printing press, news and thought are being projected to all parts of the globe so cheaply that every man is almost an eye witness of world events, and a companion of the leading thinkers of not only the present but of all time.

His daily newspaper and the public library make this possible.

The phonograph is a means for the projection of the world's best music, bringing to the cottage of the lowliest worker the finest in vocal and instrumental music.

The motion picture is a means for the cheap visual projection of the best in the world's drama.

Not only this, but the motion picture is taking people around the world, into scientists' laboratories, into the wonder-world of industry, into the golden outdoors of the great west, and into foreign places.

Through the lens of the motion picture camera the average man today sees all and knows all.

Within a single evening, for a trifling sum, we may hear the best musicians, we can have placed on our doorstep the latest news from every capital, and we can see life dramatized and portrayed on as creen at practically any hour.

THE WHISKEY FLOOD

It is rather strange to the wayfaring man that so much whiskey is allowed to be taken from bond on permits issued by prohibition agents, and carted from place to place over the country. These permits, as we understand them, are issued for the purpose of allowing whiskey to be taken from bond for "medicinal purposes," but from the many caravans that are being held up as they transport whiskey, and the number of storage places that are being discovered, there must be a wonderful lot of people in the United States who are in need of stimulants.

Over in Fayette county, early Tuesday morning the Sheriff intercepted 500 cases of liquor, valued at $50,500, which was being taken from Brownsville to New York State, on permits issued last July. What people do not understand is, how does it [illegible] that in the past at least, these permits have been so easy to procure Who is responsible for this flooding of the country with whiskey and how does it happen that it takes such large amounts for medicinal use?

The prohibition agents evidently have the issuance of permits in their own hands and it looks as if they could have a controlling influence on the situation, but in spite of this fact, liquor seems to have been quite easy to get. There ought to be a reform in teh situation and it is up to the officials charged with that duty to see that the law is strictly enforced.

Weight of Character.

There is not a wood-cutter in Maine or Minnesota but knows that the weight of the ax and the swiftness of the stroke are what tell in the cutting of the tree; that the sharpness of the ax is nothing unless there be weight and swiftness behind it. There is not a man of them who would go into the wilderness expecting to clear his farm with sharp-bladed penknives or well-polished scissors. Yet the same men, as they look around for their heroes, as they give applause, or as they give votes, are as likely as any men to be misled by the brilliancy of accomplishment and to forget the necessity, if the work is to last, of the weight and force which belong only to character. —E. E. Hale.

Elaboration of Visiting Card.

French ladies began to embellish their visiting cards with drawings, often, in the spirit of the day, in the form of hearts or Cupids. And then with Louis XV that ardent patron of the arts, came the craze for fine engravings, and the ladies of the court soon adopted them for their cards to depict scenes on their estates, or that were of some particular interest to them. And under the engravings came the autographed signature! After France, personal cards were adopted in England and all other European countries varying in [illegible] according to the inclinations of the particular time and place.

Pearl Fishing.

If pearls should ever become really common, nobody would exchange reet car fare for them. Hence it is not a strange fact that a big pearlfishing enterprise might be able to get more for 10,000 pearls than it could for 100,000 of exactly the same kind. Though a pearl necklace may be dissolved in vinegar, alcohol does not affect it. Unlike the diamond and many other precious gems, the pearl is not brittle and is not easily broken or chipped. One might hurl a pearl against a hard pavement without much danger of damage, except the possible scratching of its smooth, lustrous surface.

Cox Wiggles and Wobbles.

BY SCOTT C. BONE.

Candidate Cox, recklessly charging that the Republican party had set out to corrupt the electorate by raising a fund of $15,000,000 with which "to buy the presidency," has been utterly confuted by the facts.

Instead, it has been completely established that the goal fixed by Chairman Hays was only one-fifth that amount, or $3,000,000, with contributions rigidly limited to $1,000, and that never before has a campaign fund been so free from the taint of corporate, sinister or sordid influences.

That an overtaxed, overburdened and weary country, paying the cost of incompetence, incapacity and extravagance in governmental affairs and maladministration at Washington, would welcome relief at any price legitimately expended may be taken for granted.

But only in the wild dreams of Candidate Cox—who stands committed to Wilsonism and the wastefulness of Wilsonism, with everything that Wilsonism typifies and implies—has any such expenditure as Candidate Cox charged ever been remotely conceived or for a moment contemplated.

Even his foremost newspaper champions—organs of the international banking crowd which favor his candidacy because, with equal rashness, he promises that if elected he will go into the Wilson League of Nations—editorially admit that his slush fund charges have proven groundless.

Candidate Cox's credibility as a witness has similarly been damaged by the wet and dry issue confronting him.

To the indisputable proof that the New Jersey Liquor Dealers' Association is appealing for funds to elect him as a "pronounced wet" he replies that the liquor interests of Ohio never contributed to any of his campaigns.

Yet a sworn statement, signed by the secretary of the Ohio Liquor Dealers' Association and on file in the secretary of state's office, shows that that organization contributed a substantial sum out of its treasury to the Cox campaign of 1916.

And in the face of it all, having withstood for months, in silence, William Jennings Bryan's denunciation of him as a "wet" and unfit to run for president, Candidate Cox, with characteristic audacity, now assures a North Dakota crowd that "I have always voted dry!"

Imagine Boss Murphy, Boss Taggart, Boss Brennan and that Youngstown Apostle of Light and Uplift, Ed Moore, contriving the nomination at San Francisco of a candidate who had "always voted dry!" Imagine it, if you can!

Shade of John Barleycorn! What a spectacle is presented in American politics!

WARNING SENT TO ELECTION BOARDS

In reply to inquiry from officials of various counties where officers of election boards have threatened to quit because of the increase in voters due to the enfranchisement of women, state authorities have called attention to provision of the Act of 1839, which provides $20 fine for a judge or inspector of election who "without good cause," fails or neglects to attend the opening of the polls, while larger fines are provided for election officers who refuse to perform the duties of their office.

ANOTHER BIG BOAT TAKEN FROM "BONE" PILE

The General ontracting Corporation of Pittsburg on Monday purchased the steamer Valiant from the Pittsburg Coal compan . Work will be started at once to rebuild the towboat, which will be added to the already large fleet of the company for general towing purposes. The boat is 163.5 feet long, 26.8 feet wide and five feet depth of hold, and was built in Pittsburg in 1877. It is equipped with high pressure engines, 20 inch cylinders and seven feet stroke.

The Valiant was formerly the steamer Joe Nixon and was owned by Capt. Jos Nixon for many years When originally built the boilers were so placed that the furnace doors faced the deck room, but this plad did not work and when the boat was purchased by Jos. Walton & Co., the boilers were turned around and the name of the boat changed. She was used principally in the towing trade between Pittsburg and Cincinnati.

RACES REMINDERS OF OLD FAIR DAYS

Many of the old residenters of Monongahela were reminded on Thursday afternoon of the days when the old Monongahela Valley Agricultural Association held its annual fairs at the driving park on Pigeon creek, just on the edge of the city limits. Not only did the Association have splendid agricultural and cattle displays, but likewise there were many spirited races between horses locally famous for their speed. On these days the community generally took a holiday and everybody wanted to go to the horse races each afternoon. The exhibitions drew thousands of people from all parts of the eastern section of the county, and in its day the Association was one of the strongest in the state. Unfortunately it ceased to function many years ago.

Marriage license was issued at Washington on Friday to Ralston E. Maxwell of West Newton and Bessie K. Richie of Charleroi.

Marriage license was issued in Pittsburg on Friday to Robert W. Thoburn of Monessen and Beulah Johnson of Charleroi.

DEMENTED GIRL GIVES OFFICIALS MERRY CHASE

Escaping from the home of her mother in Belle Vernon shortly after 10 o'clock Thursday night, Mary Rody, aged 21, believed insane, gave county officers quite a chase. The girl darted from the second floor room of her home, made her way to the railroad where she jumped a freight train. She was well on her way to Fayette City before she was taken in custody, and thence to the Fayette county jail in Uniontown.

Peculiar Companionships.

The greedy shark which devours everything living or dead, never touches the beautiful pilot fish, which is always in its company. Equally odd is the companionship between the hideous and venomous rattler and the "white-oak snake." There does not seem any explanation for this friendship.

Weather Prophets.

If it is raining and the owl screeches, a change for the better will shortly ensue, but should the peacock screech, bad weather is to come. If there is rain in the air snails may be seen to seek shelter. Only when all immediate danger of a recurrence of rain is over will they emerge.

Sometimes dreams have been the means of bringing about extraordinary cures. A cripple, who for sixteen years was obliged to walk on his hands, because the muscles of his legs were so contracted that he could not use them, was asleep when there came to him a vision of a certain well in Cornwall, and he realized somehow, in the way one does in dreams, that if he washed in that well he would be cured. The dream made such an impression on him that he made the journey and bathed in the well, and as a result his lameness left him and he was able to walk as well as anyone. Of course, this is very easily explained as faith-healing, but still, it is quite a remarkable instance of the influence of dreams.—London Tit-Bits.

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law recommend your Vegetable Compound and I still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FAYETTE CO. "JAKEY" CASES IN SUPERIOR COURT

The Superior Court of Pennsylvania on Monday last heard the cases of the Uniontown "jakey" dispensers convicted in the last term of the Fayette county criminal court. The arguments for the defendants were made by a number of attorneys, while Harry W. Byrne, assistant district attorney of Fayette county made the argument for the commonwealth. A decision is expected in about two weeks.

103 YEARS YOUNG; HE'S FOR HARDING

"If I should live to be another 100 years old I certainly would never vote for a member of the Democratic party for President or any other national office."

So declares "Grandpa" Albert Vogel, 103 years young, of Jeannette, Pa., who cast his first vote in a presidential election for Polk, voted for Abraham Lincoln and has voted the Republican ticket ever since. Next month he will vote for Harding and Coolidge

"Tell the country I am for Harding and Coolidge and America first," says Mr. Vogel. "I want no Wilson League

ALBERT VOGEL

of Nations. President Wilson's autocracy and the wastefulness of those he gathered about him as his official family was to be expected. It has been a Democratic trait for years."

"Grandpa" Vogel takes a daily constitutional over streets near his home in Jeannette Occasionally he preaches a sermon from one of the Western Pennsylvania churches with old time vigor. He started life as an assistant lamplighter in the Capitol grounds at Washington when he was fifteen years old. He often ran errands for members of Congress and can vividly recall the eloquence of Henry Clay and Daniel Webster and other famous statesmen of that period He saw Andrew Jackson inaugurated in 1832. Later he became a Methodist minister.

EDITORS PAY VISIT TO MARION STAR AND FIND A REAL PAPER.

"If President Harding is as big a success as Editor Harding he will go down in history in the Hall of Fame," writes J. Gabbert of Riverside, Cal., in an article just published on his return from Marion, where he visited Harding's paper.

"We found just the sort of a paper a future President might be expected to edit," says Mr. Gabbert, "and the visit, to us came nearer to being an editorial conference than a political crusade.

"We found men working for Editor Harding who had been with him for periods varying from 20 to 38 years We found that Editor Harding follows closely every detail incident to the publication of his paper. He knows what pay the helpers on the floor get, just as he knows the amount he pays his manager He can handle type like the rest of us, and it would keep my foreman busy to beat him on setting up a stick of 8-point type He knows how to make up a paper like a veteran and he is just as much at home in the business office looking over the advertising-accounts."

OLD AND NEW COX SLOGANS.

Washington. — The following interesting interview with Governor James M. Cox of Ohio was published in the hotel column of the Washington Post four years ago—viz, on July 29, 1916:

"Ohio is not the only state where the people are shouting the praises of the President for having preserved peace in the United States Our honor has remained unsullied. The slogan 'He Kept Us Out of War' will be the most effective argument the Democrats can use in the campaign. Americanism has been pre-empted by the President, and every other problem of national import has been met squarely and satisfactorily."

This tends to show the caliber of Governor Cox. With him it is anything to win, any sort of a catch phrase, slogan or anything to deceive or fool the people.

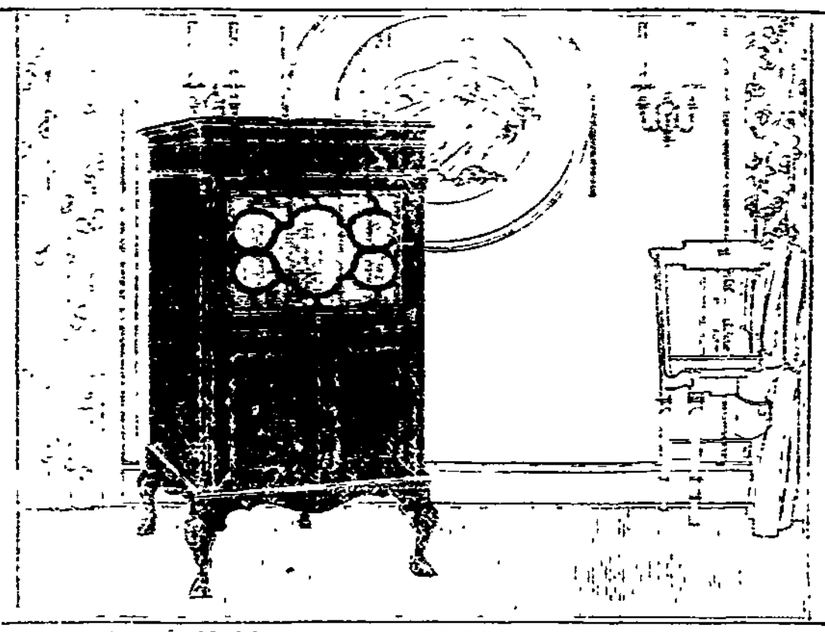
HARDING TO THE FARMERS.

Senator Harding's speech to the farmers of the country, delivered at the Minnesota State Fair, is commendable not only for the subject matter and the constructive statesmanship which it contains, but for the calm and dignified tone which prevails throughout the entire address. Nothing could more thoroughly impress intelligent people with the difference in the senator and his opponent and their qualifications for the presidency than Senator Harding's comprehensive discussion of the agricultural problems of the nation and the solution which must be applied to them and the political harangue delivered at the same place by Governor Cox.—Sioux City (Ia.) Journal.

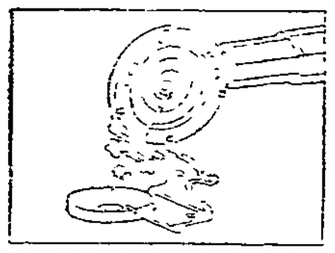
Be Firm in Purpose.

The man who is just and resolute will not be moved from his settled purpose, either by the misdirected rage of his fellow citizens or by the threats of an imperious tyrant.—Horace.

The CHENEY



What Seat do you Prefer at the Opera?



CHENEY TONE ADJUSTER

Twelve Volumes of Tone in THE CHENEY

At the very point where the tone originates, it is controlled in volume by regulating the intensity. Before you hear a note you can set THE CHENEY automatically to play exactly as you wish, by means of the needle adjuster and four sizes of Cheney needles.

When you sit close to the stage you hear the music in its full volume. As you move away, you lose none of its beauty, richness and expression—it is just as clear, but its intensity is softened.

You will secure the same effect with the tone control of THE CHENEY. You can enjoy each selection exactly as you would most prefer to hear it in the theatre. Because of this wonderful advantage, THE CHENEY is the perfect instrument for bringing grand opera, lighter opera and all music into your home.

Let us show you how THE CHENEY'S reproducer, the tone arm, acoustic throat, orchestral chambers and violin resonator also increase the charm of its music. If you cannot call, send the coupon for the interesting CHENEY booklet.

Please send me without obligation your beautifully illustrated 32-page CHENEY booklet
